Fluke Connect

Specifications

Fluke a3001 FC Wireless iFlex AC Current Module

Fluke Connect enabled AC Current Module

The Fluke a3001 FC is a True-RMS current module that wirelessly relays measurements to other Fluke Connect enabled master units.

The a3001FC iFlex current module allows you to measure around awkward sized conductors or get into tight spaces and make wire access easier. You'll be able to measure up to 2500A AC with this standalone meter, or use it as part of the Fluke Connect system. The logging function is capable of storing up to 65,000 readings. The a3001FC also features an Inrush function.
