.

Patent pending hollow shaft design with Rare Earth magnetic tip.

Hollow shaft facilitates work on bolt applications.

Chrome-plated shaft helps prevent corrosion.

Meets or exceeds applicable ASME/ANSI specifications.

Internal flanges provide solid, twist-resistant shaft anchor.

Color-coded handle end quickly identifies nut driver size.

Hex sizes available in both 1/4" and 5/16".

Cushion-grip handle for greater torque and comfort.

⚠ WARNINGS:
- Always wear approved eye protection.
- NOT insulated. Will NOT protect against electrical shock.
