Product Description

3M™ Spray Silicone Lubricant is an aerosol lubricant designed for a variety of lubricating applications. It is a versatile product which is used for lubricating moving parts, eliminating squeaks caused by friction; protecting against rust and corrosion; sealing out moisture; preventing buildup of glues, waxes, inks, paints, etc.; preserving plastics, rubber, leather; and prolonging the life of cutting tools. It does not contain petroleum oils. It will not stain or become gummy.

DIRECTIONS FOR USE:

For best results surfaces should be clean and dry prior to applying the Silicone Lubricant.

- Remove the black safety cap. May be used with or without the extension tube.
- Spray the desired amount of Silicone Lubricant directly the surface or spray the material onto a clean cloth and wipe it on the surface.
