IO-Link Master for NX IO

### Specifications

|                              |   |
|------------------------------|---|
| Type                         | Input/Output (I/O)-Link Master Unit                       |
| Mounting Type                | DIN Rail  |
| Terminal Type                | Screwless Clamping Terminal Block, Removable              |
| Output Type                  | Positive-Negative-Positive (PNP)                          |
| Input Type                   | Direct Current (DC) Positive-Negative-Positive (PNP)      |
| Number of Inputs             | Configurable Up to 4                                      |
| Number of Outputs Per Common | Configurable Up to 4                                      |
| Dependencies                 | E3Z-IL, E3S-DC-IL, E2E-IL, E2EQ-IL                        |
| Accessories                  | NX-PC0020, NX-PC0010, NX-PC0030, NX-PF0630, NX-AUX02, PFP |
| Spare Parts                  | PFP   |
| Special Function             | Input/Output (I/O)-Link                                   |
| Manual                       | W521  |
| Output Current Per Point     | 400 mA  |
| Input Current                | 800 mA  |
| DC Input Voltage             | 24 V  |
| DC Output Voltage            | 24 V  |
| Width                        | 12 mm   |
