1.15.108.076/0000

LUMOTAST 75 IP65, illuminated pushbutton, rectangular collar, flat bezel, momentary contact function, 1 NC + 1 NO

fields of application

- > Measurement-control-regulation
- > Mechanical and system engineering
- > Signalling systems

special features

- > Water jet protection class IP 65 on front
- > Mounting hole diameter 16.2 mm
- > 3 collar shapes also rectangular
- ➤ Lamp socket: T4.5: full-surface illumination with LED is possible
- Silver contacts with self-cleaning snapaction contact bridge for safe switching, suitable for large currents (max. 250 V / 4 A)
- ➤ Contact configurations: 1 NC +1 NO or 2 NC + 2 NO
- > Solder terminal

description

LUMOTAST 75 illuminated pushbuttons and signal lamps have been in use for decades. They are the most successful monoswitches in RAFI history. The wide range of collar shapes in classic design and the established terminal and legending concept make the LUMOTAST 75 series one of your most reliable components. The pushbuttons and signal lamps are available in IP 65 protection class according to DIN. They come with a 2.5 mm higher collar than the variant with IP 40, due to the additional seal.
