Item description

- Universal connection of all conductor types
- Simple, push-in termination of solid and ferruled conductors
- Easy-to-use design does not require special tools
- Ability to wire while mated or unmated
- Testing parallel to conductor entry tip contact
- Also available with gripping plates
- Integrated locking latches prevent accidental disconnection

Safety information 1:

The **picoMAX** pluggable connection system is designed without breaking capacity for compliance with DIN EN 61984. When used as intended, MCS Connectors shall not be connected/disconnected when live or under load. The circuit design should ensure header pins, which can be touched, are not live when unmated.

www.wago.com/2091-1106_002-000

Male header mated to a female connector with gripping plate and sliding connector release.

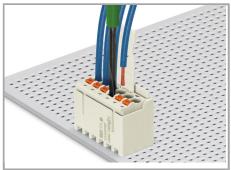

Push down sliding connector release (gripping plate) to open the locking latch.

Pull out female connector with gripping plate from male header.

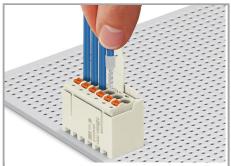

Inserting a conductor

Inserting fine-stranded conductor into mated female connector via push-button.

Inserting fine-stranded conductor into unmated female connector via push-button.

Inserting solid and ferruled conductors via push-in termination

Marking

Pole marking via factory direct printing.

Coding

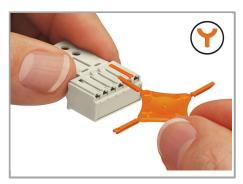

Subject to changes.
