Business Unit	Product Line Code	Type of Change	Action	Date of Issue
MI - Marking and Identification	BG1	Product Change Notification	Notify Distributors and Field	11/22/2022

*The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.*

Description for Product Change Notification
<p>There is now a new Firmware update for the Bluemark ID printers. BMID-20221121. This update includes a Blue LED will light up on display when print jobs are being received to indicate they are received and being processed. This enhances the status for the user at a greater distance. The other is an improvement of print image on the UCT-WMCO...materials. A detailed list of materials and software update instructions are attached. Use this link to navigate to Firmware download.  <a href="https://www.phoenixcontact.com/en-us/products/printing-system-bluemark-id-1003334#downloads-link-target">https://www.phoenixcontact.com/en-us/products/printing-system-bluemark-id-1003334#downloads-link-target</a></p>

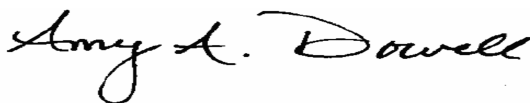

Stock Status
Can existing stock still be used?      Other (see below)
Is mixture of stock acceptable?      Other (see below)
OTHER: Due to the nature of this PCN, stock status is highly dependent on the application for which the product is utilized. Customers are advised to review this notification and determine impact on existing stock for the actual application(s).

Transaction Dates
Date modification goes into effect from Germany:      11/21/2022
Expected first shipment (from Phoenix Contact) of the modified products(s):      11/21/2022

*Should you have any issues with the timeline or content of this product change, please contact Phoenix Contact using the information below. Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN; provided, however, that the failure to acknowledge receipt does not affect the product change or the effective date thereof.*
