Product Change Notification

PCN-TT-8619-2023

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
TT - Trabtech	CLA	Product Change Notification	Notify Distributors and Field	3/23/2023

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

This change was previously described in PCN-TT-8039-2022, however the change was not implemented in production. This PCN provides the new effective date for the implementation of the following changes.

A software update was made to improve the switching behavior to avoid erroneous tripping of adjacent PTCB's.

Also, the PTCB initialization time was shortened to less than <200ms. PTCB's will start up randomly within the 200 ms to minimize total start up demand on the power source. This change will not affect the PTCB's tripping behavior.
